February 27-28, 2017

Monday, February 27, 2017
Poster Session & Reception
Stephen C. O’Connell Center
5:30 - 8:30PM
Spotlight on Education!

Hercules by White Coat Company

The UF College of Medicine White Coat Company presents...HERCULES! Every year our UF medical students put on a musical production for the pediatric patients at Shands Hospital and schools in the community. Get ready for this action-packed comedy put on by your classmates!

Feb. 17th at 7pm

The event will be held in the MSB Stetson Auditorium in the hospital! The show is FREE and seats are first come, first served. The auditorium will open at 6:30pm. See you there!

*********************************************************

Feb 18 5:00 PM - 7:00 PM

The University of Florida College of Medicine is holding an extravagant talent show and extensive silent auction to raise money for its yearly service trips that provide much needed healthcare to thousands in Haiti, the Dominican Republic, the Yucatan, Ecuador, and Nicaragua.

Entry into the talent show and silent auction is only $7 for UF students and $10 for non-UF attendants, and the money is used to
Entry into the talent show and silent auction is only $7 for UF students and $10 for non-UF attendants, and the money is used to purchase medicine and medical equipment used on these trips.

Stage performances include all types of acts, from the comical to the musical!

George Arnaoutakis M.D. Assistant Professor Department of Surgery
Martin Back M.D. Clinical Professor Department of Surgery
Parta Hatamizadeh M.B.B.S. (M.D.) Clinical Assistant Professor Department of Medicine, Division of Nephrology and Hypertension
Huacheng Luo Ph.D. Assistant Scientist Department of Biochemistry
Seth Oliveria M.D., Ph.D. Visiting Clinical Lecturer Department of Neurosurgery

Faculty Enhancement Opportunity (FEO)

The University of Florida Provost, Dr. Joseph Glover, recently announced the next Faculty Enhancement Opportunity (FEO) grant cycle which will award funds beginning in the Fall of 2017. The FEO grants are a wonderful opportunity for faculty to receive support for numerous types of faculty enhancement projects or training. If you are interested in applying, please read the information at http://facultyaffairs.med.ufl.edu/more-faculty-news/fall-2017-faculty-enhancement-opportunity-feo/. Please make sure you meet the eligibility requirements before applying (3 years as full time faculty or equivalent as part time, email me if you are unclear). The application form is available at the above FEO web page.

This is a 3 step process:

1. The College FEO committee (COM-FEO) requires a brief Letter of Intent (LOI) to be submitted as a one-line email sent to hamleen@ufl.edu to indicate that you will be preparing an application. This may be submitted any time prior to the internal application deadline of March 3, 2017.

2. Send your completed application to the COM-FEO review committee (email hamleen@ufl.edu) by March 3, 2017 @5:00PM at the latest. You must submit your application to the COM-FEO review committee for review and support. You will be informed if your application needs any clarification and if it will be submitted for University consideration.

3. If supported by the COM FEO review committee, your application will be submitted to the Provost on or before the University submission deadline of March 24, 2017, for consideration by the University committee.

Please send any questions or suggestions. This is an excellent faculty opportunity that is supported by the COM Faculty Council, Dean Good, Dean Haley, Provost Glover and President Fuchs.
Save the Date!

More About Your Family Care Benefits

**FIND CARE FOR EVERY MEMBER OF THE FAMILY**

*From watching the kids to walking the dog, connect with great local caregivers.*

- Line up sitters
- Find senior caregivers and transportation providers
- Search pet sitters, groomers, and trainers
- Get a great housekeeper or errand runner

**PERSONALIZE YOUR PROFILE AND POST JOBS**

*Create a custom profile and tell our caregivers exactly what you need.*

- Browse caregivers and flag your favorites
- Post a job in minutes — get responses in hours
- Stand out to caregivers with a fun, informative profile

**MANAGE THE HIRING PROCESS ONLINE**

*Use our scheduling system to meet and manage candidates.*

- Access background check options and references
- Set up phone interviews and video chats
- Hire and pay caregivers through Care.com

"Get your picture taken!" for the new UF Health ID badge
Come to the Founder's Gallery of the Academic Research Building this month for your new photo to be used for our new UF Health ID badge. The most up to date information can be viewed by clicking on the link. Employees within the North Tower, Medical Science Building, Academic Research Building, Communicore, Dental Tower, Harrell Medical Education Building, and the Shepard Broad Building will use the Founder's Gallery location. Alternate sites, such as the Orthopaedic Sports Medicine Institute will be scheduled after the beginning of the year for employees who are in locations away from the HSC campus.
The Clinical Scholars Program is pleased to announce that the 2017 Call for Applications is now open.

What you need to know to apply for the Clinical Scholars National Leadership Program

The Clinical Scholars Program is a funded three-year national leadership fellowship for clinically active health providers from a broad range of specialties.
fellowship for clinically active health providers from a broad range of disciplines. Selected Clinical Scholars Fellows work in teams and receive program funds and leadership training to improve health outcomes in their home communities. Please join us for an applicant webinar to hear more about the Clinical Scholars National Leadership Program and find out what we're looking for in a successful applicant team.

March 9, 2017 3PM EST
Deadline for Clinical Scholars Applications. Start your application at my.rwjf.org

Clinical Scholars is a program of the Robert Wood Johnson Foundation

Wellness

**Mindfulness Based Stress Reduction (MBSR)**

Highly respected within the medical community, MBSR is proven effective as a complement to the traditional treatment of anxiety, stress, depression, grief, fatigue, pain, chronic illness, eating disturbances, and sleep problems.

Wednesdays, January 18 - March 8, 2017

This course offers 23 CEs for LMHCs, LMFTs and LCSWs.

Fundamental Practices of MBSR:

- Mindfulness meditation
- Introductory mindful yoga
- Group dialogue
- Daily home practice assignments

Call 352.733.0881 or email ufhitm@shands.ufl.edu to register

**EnCARE™: Compassion, Awareness, Resilience and Enjoyment Training**

EnCARE™ is a self-care educational program designed to support healthcare professionals to develop skills for responding to the physical, emotional and mental stress associated with burnout and caregiver fatigue using a variety of evidence-based techniques and mind-body practices.

Tuesdays, February 7 - March 14, 2017

This course offers 17 CEs for nurses, LMHCs, LMFTs and LCSWs, and others.

Fundamental practices of this eight-week course include:

- Mindful yoga and movement
- Mindfulness meditation and relaxation
- Resilience training and breathing techniques
- Self-inquiry and wisdom tradition teachings
- Mind-body practices and group sharing

Call 352.733.0881 or email ufhitm@shands.ufl.edu to register

**ChayaVeda Transformative Wellness Program™**

Principles of Ayurveda and Holistic Living for Health, Rejuvenation and Longevity

Chaya distills this wisdom of holistic living known as a science of self-healing, rejuvenation, and longevity, into 6 weekly sessions filled with practical information and experiences to bring it all home. Chaya presents relevant evidence-based sources integrated with the original Ayurvedic texts.
Thursdays, January 19 - February 23, 2017

This course offers 12 CEs to yoga teachers, and 12 LMT CEs available from provider #1192

Learning objectives:

- Re-engineer your habits in the shortest amount of time through understanding your body type and circadian rhythms, and how to start your day right.
- Discover healthier eating, rejuvenation, purification and the power of food as medicine.
- Develop tools for stress reduction, including deep breathing, meditation, yoga nidra and self-massage.
- Examine emotional health, relationships and create peace of mind through conscious communication.

Call 352.733.0881 or email ufhitm@shands.ufl.edu to register

---

Introduction to REDCap

This lecture and demonstration provides a basic overview of the Research Electronic Data Capture (REDCap) system; how REDCap can speed time to database creation and deployment; best practices; and provides a general overview of its many powerful data collection and management features. This course is directed towards new users or those with little experience in using REDCap. NOTE: These course sections cover the same material as previous sections so new attendees will be given priority.

Dates and Times:
02/21/2017: 12:00 pm-1:30 pm
03/07/2017: 2:00 pm-3:30 pm
03/21/2017: 11:00 am-12:30 pm

Location: AHC C3-13 (Communicore)

Link to register: myTraining website

Training Room Use Policies, Calendars, and Directions can be found here: http://training.health.ufl.edu/roomhelp.aspx

If you need to cancel or have trouble registering, please send an email to training@health.ufl.edu or call (352) 273-5051.

---

UF-City of Gainesville Research Awards

The Office of the Senior Vice President and Chief Operating Officer is pleased to announce that it is awarding a total of $250,000 in research awards to faculty who are interested in proposing studies and/or pilot programs to address pressing issues within the City of Gainesville.

Selection: Proposals will be evaluated by a team of practitioners, policy-makers, community leaders and faculty. The key selection criteria will be the practical application of the research toward solving a local problem or achieving an outcome outlined in the UF Strategic Development Plan. Additional weight will be given to selecting projects that also do any of the following:

- Increase student opportunities for project-based and service learning
- Leverage existing research and research funding
• Demonstrate the potential for community impact

Funding: The amounts awarded will be varied, but awards are limited to a maximum of $50,000 per project. Total funding available is $250,000. Funds may be restricted from purchase of certain equipment, supplies, or software deemed to be part of indirect costs.

Eligibility: Proposals may be submitted by any University of Florida faculty member (PI) who is eligible to submit a proposal to an external funding agency. Courtesy, Adjunct, Visiting and OPS faculty; Assistant In, Associate In, Senior Associate In; Research Associates; and Postdoctoral Associates are not eligible to be PIs for these research awards but may participate as co-PIs or co-investigators.

Proposals: Proposals should provide a budget and timeline including the specified use of the funds such as faculty buy-out or salary, graduate assistants, materials, etc.

Schedule: Deadline for submission of a proposal with a detailed budget is 5:00 PM EST, Wednesday March 15, 2017. The proposal and all questions regarding this solicitation should be sent to Linda Dixon at sdpresearch@connect.ufl.edu. Applicants will be notified of the award no later than Friday, April 7, 2017. Research projects including a final project report must be completed no later than May 10, 2018.

During 2016, the university completed a Strategic Development Plan to support UF’s status as a preeminent university and lay the groundwork for a new partnership between UF and the Gainesville community. A key strategy of the plan is to utilize the campus and greater Gainesville as a living laboratory to address real-world problems in our local community. These research awards intend to advance this strategy and engage faculty. The key selection criteria will be the practical application of the research toward solving a local problem or achieving an outcome outlined in the UF Strategic Development Plan.

Additional information and instructions for submitting a proposal can be found at: http://hr.ufl.edu/wp-content/uploads/docs/SDP_Rsrch_Award_Solic_02-2017.pdf.

HSC Library Spring Workshops

The Health Science Center Library will offer the following workshops this term, independent of registered coursework and open to all.

Please register at least 24 hours in advance by clicking on the desired workshop link below or at: https://rod.sumtotalsystems.com/ufshands/learner/search/catalog?RootNodeID=-1&NodeID=276&UserMode=0

App-y Hour: Mobile Resources for Health
Tuesday, February 21, 1-2pm, Communicore Building Room C2-41A
Looking for high-quality mobile apps to help you in your work? In this session, we will provide brief overviews of a number of mobile apps for clinical work, research, teaching and learning, and productivity. We will also include tips on how to get mobile access to library-subscribed journals and databases.

Best Practices in Research Data Management
Tuesday, February 28, 12-1pm, Communicore Building Room C2-41C
Learn practical strategies for best managing your research data. A number of U.S. funding agencies such as the National Science Foundation and the National Institutes of Health require researchers to supply plans for managing research data, called Data Management Plans (DMP), for all new grant proposals. This workshop will provide an overview of the questions to consider when creating a data management plan, with a focus on the DMPTool and tools for sharing your data at the University of Florida (e.g. subject-specific repositories). Topics include metadata and annotation, file formats and organization, storage, backups and security, and data sharing. The workshop is geared toward graduate students, faculty, and researchers.

Drug Information: Beyond UF Resources
Monday, April 3, 11am-12pm, Communicore Building Room C2-41A
What drug resources will you be able to access when you are no longer affiliated with UF? When you leave UF you will lose access to our paid resources, so you will need alternative sources. This session will go over the resources listed on the pharmacy LibGuide's After Graduation page. We will discuss some of the sites and their usefulness, including some sites that will lead you to other resources. The emphasis is on free sites and resources.

Note: This room has videoconference capabilities. Please contact the instructor at rjesano@ufl.edu with your IP address well in advance if you want to video conference to your site, so that we can set up videoconferencing. You will need to make your room arrangements at your site.

EndNote
Thursday, March 16, 9-10am, Communicore Building Room C2-3

Come and see what you can do with EndNote, a program designed to help you organize your reference citations. You will learn how to create and navigate the EndNote libraries, enter individual citations, and search/retrieve citations from EndNote, as well as how to download citations from PubMed, library catalogs, other databases, and import them into your library. We will learn how to use the 'Cite While You Write' toolbar and different ways of inserting citations into your papers for publication. It's easy to generate a bibliography according to the style of any particular journal! This class focuses on the desktop version of EndNote and addresses some unique features of EndNote Online.

Introduction to CINAHL
Thursday, February 23, 1-2pm, Communicore Building Room C2-3
Monday, April 3, 1pm-2pm, Communicore Building Room C2-3

Looking for an introduction to the premier database of nursing and allied health literature? This class introduces you to basic and advanced search options; performing more accurate searches using CINAHL headings; using limits to narrow and refine your search; printing, emailing, and exporting your citations; creating a personal account to store your citations; and finding full-text articles.

Introduction to Systematic Reviews
Tuesday, March 14, 12pm-1pm, Communicore Building Room C2-41C

This workshop covers steps in the process of conducting the literature searches that serve as the foundation of a high-quality systematic review. It defines and gives examples of the tasks involved: term harvesting, snowballing, tracking results, identifying/locating relevant grey literature.

Medical Terminology
Part 1: Tuesday, March 14, 1-3pm, Communicore Building Room C2-41A
Part 2: Tuesday, March 21, 1-3pm, Communicore Building Room C2-41A
Part 3: Tuesday, March 28, 1-3pm, Communicore Building Room C2-41A

Basics of medical terminology. Key concepts and word building, as well as the basics of body structure, including cells, tissues, organs and body planes will be covered. Parts 1, 2 and 3 make up a single 6-hour course. Attendees should plan to attend all three sessions in order to complete the training.

NIH Public Access Policy
Wednesday, March 15, Communicore Building Room C2-41A

This workshop provides an introduction to the NIH Public Access Policy and demonstrates how to fulfill compliance requirements. We will cover how to use My Bibliography and the NIH Manuscript Submission System and discuss the various approaches of journal publishers towards compliance. Attendees are encouraged to bring their eRA Commons login and a list of their NIH-funded articles along with a mobile laptop or tablet so that they can follow 'hands-on'.

Note: This room has videoconference capabilities. Please contact the instructor at rjesano@ufl.edu with your IP address well in advance if you want to video conference to your site, so that we can set up videoconferencing. You will need to make your room arrangements at your site.

PubMed
Thursday, March 23, 12pm-1pm, Communicore Building Room C2-3

This class will take you step-by-step through effective literature search and save techniques-starting smartly, limiting efficiently without losing "good stuff", searching for specific info (authors, types of publications, specific journals) and refining your search. Depending on participant interests/needs and time, we may also cover setting up email alerts, transferring to bibliographic software like RefWorks or EndNote, filtering for evidence-based studies, building collections within PubMed or other functions within PubMed Plus.
Web of Science
Thursday, February 16, 11am-12pm, Communicore Building Room C2-3
Compiling a bibliography? Trying to find interdisciplinary materials that fall between the sciences and the social sciences? Then search the Web of Science! Learn keyword and author searching while exploring this database’s ability to move backward and forward through reference lists. Determine what sources were used in writing a given article and what subsequent publications cited that particular article. Find related articles that cite several of the same references in their bibliographies.

Biomedical research scientists face numerous challenges early in their career. This seminar series is designed to provide practical advice for PhD and dual degree scientists who will be managing and leading research teams of their own. The target audience is postdoctoral research trainees, advanced graduate students, and junior faculty. These seminars are designed to complement the book “Making the Right Moves: A Practical Guide to Scientific Management for Postdocs and New Faculty”, which is available online from the Howard Hughes Medical Institute at:

Free online resource from the Howard Hughes Medical Institute:

Making the Right Moves: A Practical Guide to Scientific Management for Postdocs and New Faculty.

Public Records Requests

If you are ever contacted with a request for personal correspondence, email, etc. through the Freedom of Information Act (FOIA), please refer those requests to the Public Records Portal.

All public records requests should come in through the UF Public Records Portal housed in UF Media Relations and Public Affairs. If you have any questions, contact Media Relations and Public Affairs at 352-846-3903 or send an email to pr-request@ufl.edu.

Information about the process and the link to the portal can be found at: http://www.urel.ufl.edu/media-relations/public-records-requests/

Gift of the Month - January 2017

Donor information: Dr. Sandra Fackler and the late Dr. Martin Fackler
Location: Gainesville, FL
Development Officer: Kathy Murray
Gift Details: $1,000,000 to name the Drs. Martin and Sandra Fackler Terrace in the new UF Health Heart and Vascular and Neuromedicine Hospitals

The Facklers resided in Gainesville, FL. Sandy, a woman of faith, had a close connection to the UF College of Medicine as she previously worked as a fundraiser in the development office and served on the UF Department of Psychiatry Leadership Council. Martin Fackler was a military man and a caring and compassionate surgeon. He valued knowledge and inquiry and served on the UF Department of Urology Leadership Council. The Facklers were staunch supporters of UF, having contributed generously to the Libraries, the McKnight Brain Institute and to other areas of the University.

The Facklers came to meet with Dean Good in October of 2014. At the time, Marty was fighting cancer. Dean Good asked the Facklers to consider their next significant gift and presented them with four options. They determined that naming the Terrace, which was part of the new towers project, was most important to them. The Facklers wanted faculty, staff, patients and their families to be able to enjoy beautiful outdoor space in a convenient location - an area that would also provide a unique outdoor venue for receptions and public functions. The Facklers committed to naming the Terrace, but sadly, Marty passed away on May 23, 2015 before the gift agreement was signed.

Nearly two years after Marty’s death, Sandy was ready to move forward and accepted our invitation for a hard-hat tour of the new Heart and Vascular and Neuromedicine Hospitals.
accepted our invitation for a hard-hat tour of the new Heart and Vascular and Neuromedicine Hospitals. Two months after the tour, we signed and celebrated the formal establishment of the Drs. Martin and Sandra Fackler Terrace.

UF Highlights Dr. Jennifer Bizon and her Research!
