Michael L. Good, M.D.
Dean, UF College of Medicine
INVITES YOU AND YOUR GUEST TO ATTEND THE
UF College of Medicine Faculty Appreciation Reception

Wednesday, October 19, 2016
Harrell Medical Education Building
Scott Commons Area
5 p.m. ~ 7 p.m.

PLEASE CLICK HERE TO RSVP BY OCTOBER 12
UF College of Medicine students from the classes of 2017, 2018 and 2019 gathered Monday evening in the south learning studio of the George T. Harrell, M.D., Medical Education Building for the college's annual Honors Convocation, an awards ceremony that recognizes students for accomplishments in research labs, basic science classrooms and clinical rotations. The accolades also acknowledge the students' community and international service efforts, professionalism and humanism.

**Click here for more**

The current pediatric rotation enjoyed dinner with the Eitzman's. Donald Eitzman was one of the first faculty at UF COM and for decades has been hosting this dinner every rotation.
SAVE THE DATE

2017 College of Medicine Celebration of Research
February 27-28, 2017

Monday, February 27, 2017
Poster Session & Reception
Stephen C. O'Connell Center
5:30 - 8:30PM

Tuesday, February 28, 2017
Keynote Speaker
Beverly L. Davidson, PhD
Department of Pathology & Laboratory Medicine
The Children's Hospital of Philadelphia
(Location/time TBD)

Look for the call for abstracts in November
Congratulations!

Matthew Ryan, M.D., Ph.D.
Associate Professor, Department of Emergency Medicine has been recognized as one of the Top 10 peer reviewers by the Association of American Medical Colleges, in partnership with the American Dental Education Association, MedEdPORTAL Publications.

UF Health recognized for outreach program

UF Health's Putting Families First (PFF) program has received one of the inaugural Josiah Macy Jr. Foundation Awards for Excellence in Social Mission in Health Professions Education. The PFF program is led by Amy Blue, PhD, Associate Vice President for Interprofessional Education with faculty from a number of UF Colleges: Brian Cooke, MD, Department of Psychiatry, College of Medicine; Micaela Gibbs, DDS, and Gail Childs, RDH, MPH, College of Dentistry; Bryan Weber, PhD, ARNP, College of Nursing; Michelle Farland, PharmD, BCPS, College of Pharmacy; Russell Bauer, PhD, Department of Clinical and Health Psychology and Kim Dunleavy, PhD, PT, College of Public Health and Health Professions; Karla Shelnutt, PhD, RD, College of Agricultural and Life Sciences; Amar Estrada, DVM, College of Veterinary Medicine; and Eric Black, PhD, Department of Pediatrics, College of Medicine.

UF Health is one of four individuals and institutions recognized at a presentation on September 19, 2016 by The Milken Institute School of Public Health at the George Washington University and the Beyond Flexner Alliance. The awards recognize outstanding leadership in imbuing the social mission into health professions education. UF was the awardee in the category of program excellence.

Tours for Faculty

The College of Medicine is now offering HSC campus tours for interested faculty. Encourage your new (or any interested) colleagues to join faculty council tour guides to see what's here and how to get there!

Please email Hamleen Gregoire at hamleen@ufl.edu to register for a tour.

Tours will be offered every Monday at 10am and Tuesday at 4pm.

NIH Loan Repayment Programs (LRP) Application Cycle is NOW OPEN!

The application cycle opens this year on September 1 and closes on November 15. Now is the ideal time to inform your colleagues about the many benefits of the LRP.

Approximately 1,500 researchers benefit from the more than $70 million the NIH invests each year.

Participants in the NIH Loan Repayment Programs (LRPs) receive up to $70,000 of qualified educational debt repayment with a two-year contract.

Please forward this email to anyone who may be interested in the Programs.

Thank you for your continued support of the NIH Loan Repayment Programs!
## Important LRP Application Updates!

- Newly revised online application now available
- All applicants (new and renewal) are required to have an eRA Commons ID
- Same application submission deadline for applicants, colleague, and institutional documentation - **November 15, 2016**

| Questions? | Call: (866) 849-4047 | Email: [lrp@nih.gov](mailto:lrp@nih.gov) | Website: [www.lrp.nih.gov](http://www.lrp.nih.gov) |
Celebrate National Customer Service Week
with UF Health IT Technical Support and the UF Health Contact Center

Open House:
- **When:** Friday, Oct. 7 from 1-4 p.m.
- **Where:** UF Health Medical Plaza – Room 1629
  and UF Health Communicore – Room C2-011

Meet the people who take your calls and handle your requests; experience the behind-the-scene operation of each center. Refreshments will be served.

*For more information, please contact Sue Nestor in Customer Support at nestos@shands.ufl.edu.*
The new 911-receiving, freestanding E.R. on Southwest Archer Road will provide critical care services for residents in southwest Gainesville.

The new E.R. will officially open to patients on October 1.

Clinicians: **SAVE THE DATE**
ACMS October CME Dinner Meeting and Vendor Show
ALACHUA COUNTY MEDICAL SOCIETY

Presents:

The October CME Dinner Meeting and Vendor Show

"Exploring MACRA and How Health Care Reimbursement Changes the Practice of Medicine"

(1 hr CME Credit)

Tuesday, October 11, 2016

Daniel Duncanson, MD, CEO
Southeastern Integrated Medical
Hilton UF Conference Center
1714 SW 34th Street, Gainesville, FL

6:00 – 7:00 pm Vendor Show
7:00 – 8:00 pm CME Program and Dinner
(6:00 - 8:15 pm Kid's Movie & Popcorn - on premises**)

Members and Alliance: No charge | Guests: $40

RSVP Required by October 4th
acmsassist@acms.net or 352-376-0715

(**Reservations required 7 days in advance for Child Sitting Services to adequately staff the event. Sitting Services are free to members. A limited number of seats are available. Targeted audience for the program are children 2 to 10 yrs of age.)

Learning Objectives:
1. Discuss the proposed Medicare Access & CHIP Reauthorization Act.
2. Choose between the two Quality Payment Program options.
3. Analyze the four components of the proposed Merit-Based Incentive Payment Systems.

Accreditation: This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the University of Florida College of Medicine and Alachua County Medical Society. The University of Florida College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit. Physicians should claim only the credit commensurate with the extent of their participation in the activity. CME #: 6221

Disclosure: Dr. Duncanson has disclosed that he has no relevant financial disclosures. No one else in a position to control content has any financial relationships to disclose.

Movie and Popcorn Night for the Kids (ages 4 - 12) during the Social Hour and Dinner. The Movie is free to all members' children and reservations are required.
STCC/CTSI Pilot Awards: Translational Communication Research

The UF STEM Translational Communication Center (STCC) and the CTSI are pleased to invite pilot award applications for interdisciplinary and investigator-initiated translational communication research across UF's broad range of scientific disciplines. Translational communication is defined as strategically adapting information to improve accessibility, comprehension, and usability by the intended audience to improve human health and well-being. All research supported by the STCC/CTSI Pilot Project Awards is expected to result in one or more publications in a peer-reviewed journal and to provide critical preliminary data to support extramural applications.

Two types of awards are available: Faculty (up to $10,000) and Trainee (up to $5,000). Areas of particular interest include, but are not limited to, projects that have implications for the recruitment and retention of research participants or novel dissemination strategies.

Applications are due by 5 p.m. on Friday, Sept. 30, and the CTSI anticipates notice of awards by Nov. 14.

**Lunch and Learn:**
Tips On Applying for the Translational Communication Funding Opportunity

Learn more about this funding opportunity, discuss collaboration with fellow attendees, and ask questions over lunch with representatives from the STCC and CTSI:

- Sept. 8, 2016, 11:30 a.m. to 1 p.m., CTRB 3161/3162

Please register to ensure we have enough food.

<table>

<tr>
<th>Eligibility</th>
<th>Available Funding</th>
</tr>
</thead>
<tbody>
<tr>
<td>Applicants must be a UF faculty member or a UF trainee (graduate student, postdoc, resident, fellow) at the time funds are awarded. Please see the RFA for additional eligibility criteria.</td>
<td>The STCC and CTSI will make a total of up to $15,000 available through this RFA, depending on quality of submissions and budget availability.</td>
</tr>
</tbody>
</table>

RFA & Application Instructions
Applications must include a cover page; abstract; description of potential contribution to translational communication science; description of how the proposal would lead to external support; mentoring plan (for trainees and junior faculty); research plan (up to 5 pages); key personnel and biosketches; budget, justification; and letters of support if applicable. For complete instructions, download the RFA.

CTSI Resources

Applicants are encouraged to visit ctsi.ufl.edu/research to learn about CTSI services and resources available to facilitate translational research at UF.

Questions & Proposal Submission

For questions, contact Yulia Strekalova, yulias@ufl.edu. Submit proposals to Lylly Rodriguez, lyllyr@ufl.edu.

Timeline

*Application Deadline: 5 p.m. on Friday, Sept. 30, 2016
*Awardee Notification: by Monday, Nov. 14, 2016
*Award Funding Period: Nov. 14, 2016 to Nov. 13, 2017

Biomedical research scientists face numerous challenges early in their career. This seminar series is designed to provide practical advice for PhD and dual degree scientists who will be managing and leading research teams of their own. The target audience is postdoctoral research trainees, advanced graduate students, and junior faculty. These seminars are designed to complement the book “Making the Right Moves: A Practical Guide to Scientific Management for Postdocs and New Faculty”, which is available online from the Howard Hughes Medical Institute at:

**Sponsored by UFHealth Office of Biomedical Research Career Development**

---

**Free online resource from the Howard Hughes Medical Institute:**

**Making the Right Moves: A Practical Guide to Scientific Management for Postdocs and New Faculty.**

**Superior Accomplishment Awards - Nominate Today!**

According to the SAA Committee member manual, “This Awards program recognizes those who
contribute outstanding and meritorious service in their fields. This program also recognizes those employees who have made exceptional contributions to the University of Florida's efficiency and/or economy or to the quality of life it provides for students and employees."

That quote summarizes anything we could tell you about the intent or goals of the awards and corresponding committee. We're looking to identify, acknowledge and honor the people we work with every day who do their best to go above-and-beyond to ensure forward momentum and productivity for our College and University. You have the opportunity to aide us in this process by creating a nomination packet to highlight a deserving individual. After all, as the manual says, "Recognition by one's peers is the highest point of achievement. This is the basis of the Staff and Faculty Superior Accomplishment Awards Program."

Here's what you need to know:

- **Timeline** - packets must be submitted by Monday, October 31, 2016.
- **Who is eligible to be a nominee for an SAA** - any non-chair/director (or above) faculty member or permanent staff member with at least a 75% FTE who has been employed at UF for the full academic year under consideration (Aug 1, 2015-July 31, 2016).
- **Who can nominate** - anyone; faculty members, OPS staff, permanent staff, students, patients, community stakeholders, etc. can serve as nominators. *Caveat: self-nominations will not be accepted.*
- **Where to get more information and/or a nomination packet** - nominations MUST be on the official nomination forms, which can be found at http://hr.ufl.edu/learn-grow/awards-recognition/superior-accomplishment-awards/.

Hints: Writing Superior Accomplishment Award Nominations
Tips: Whom to Nominate for an SAA

---

**Calling all employee artists!**

Do you work at UF Health and have a passion for photography? If so, you are invited to submit your original work to be considered for display in the new heart and neuro hospitals opening in 2017. We're looking for natural landscapes that feature the following:

- Horizons
- Open spaces
- Trees
- Low growth (flowers, bushes or tall grasses)
- Skies with fair weather
- Fresh water
- Very few, if any, man-made objects or buildings

*Submissions are due by Nov. 1, 2016*

Please visit artsinmedicine.UFHealth.org for details regarding evidence-based art, submission image size, copyright and other information before emailing your digital files (JPEG or TIFF only) to Mullen at...
Upcoming HSC Library Workshops

The Health Science Center Library will offer the following workshops over the next month, independent of registered coursework and open to all.

Please register at least 24 hours in advance by clicking on the desired workshop link below or at: https://rod.sumtotalsystems.com/ufshands/learner/search/catalog?RootNodeID=-1&NodeID=276&UserMode=0

**Best Practices in Research Data Management**  
*Tuesday, October 4, 1-2pm, Communicore Building Room C2-41C*  
Learn practical strategies for best managing your research data. A number of U.S. funding agencies such as the National Science Foundation and the National Institutes of Health require researchers to supply plans for managing research data, called Data Management Plans (DMP), for all new grant proposals. This workshop will provide an overview of the questions to consider when creating a data management plan, with a focus on the DMPTool and tools for sharing your data at the University of Florida (e.g. subject-specific repositories). Topics include metadata and annotation, file formats and organization, storage, backups and security, and data sharing. The workshop is geared toward graduate students, faculty, and researchers.  

**Consumer Health on the Web (for Healthcare Professionals)**  
*Monday, October 10, 10am-11am, Communicore Building Room C2-3*  
This workshop is designed to teach healthcare professionals about health information resources that are freely available online and designed to be understood by the average person. In this workshop, students will learn about some of the most popular and trustworthy websites that they can recommend to patients, friends, and family, such as MedlinePlus and ClinicalTrials.gov. In addition, they will learn tips and trips for telling the difference between good and bad sources of health information online.  

**EndNote**  
*Tuesday, September 27, 9am-10am, Communicore Building Room C2-3*  
*Wednesday, October 19, 1-2pm, Communicore Building Room C2-3*  
Come and see what you can do with EndNote, a program designed to help you organize your reference citations. You will learn how to create and navigate the EndNote libraries, enter individual citations, and search/retrieve citations from EndNote, as well as how to download citations from PubMed, library catalogs, other databases, and import them into your library. We will learn how to use the 'Cite While You Write' toolbar and different ways of inserting citations into your papers for publication. It's easy to generate a bibliography according to the style of any particular journal! This class focuses on the desktop version of EndNote and addresses some unique features of EndNote Online.  

**Introduction to CINAHL**  
*Wednesday, October 12, 3pm-4pm, Communicore Building Room C2-3*  
Looking for an introduction to the premier database of nursing and allied health literature? This class introduces you to basic and advanced search options; performing more accurate searches using CINAHL headings; using limits to narrow and refine your search; printing, emailing, and exporting
Introduction to Systematic Reviews

*Wednesday, October 26, 12pm-1pm, Communicore Building Room C2-3*

This workshop covers steps in the process of conducting the literature searches that serve as the foundation of a high-quality systematic review. It defines and gives examples of the tasks involved: term harvesting, snowballing, tracking results, identifying/locating relevant grey literature.

Medical Terminology

*Part 1: Thursday, October 13, 1-3pm, Communicore Building Room C2-41C*

Basics of medical terminology. Key concepts and word building, as well as the basics of body structure, including cells, tissues, organs and body planes will be covered. *Parts 1, 2 and 3 make up a single 6-hour course. Attendees should plan to attend all three sessions in order to complete the training.*

NIH Public Access Policy

*Monday, October 24, 12pm-1pm, Communicore Building Room C2-41A*

This workshop provides an introduction to the NIH Public Access Policy and demonstrates how to fulfill compliance requirements. We will cover how to use My Bibliography and the NIH Manuscript Submission System and discuss the various approaches of journal publishers towards compliance. Attendees are encouraged to bring their eRA Commons login and a list of their NIH-funded articles along with a mobile laptop or tablet so that they can follow 'hands-on'.

PubMed

*Wednesday, October 19, 12pm-1pm, Communicore Building Room C2-3*

This class will take you step-by-step through effective literature search and save techniques—starting smartly, limiting efficiently without losing "good stuff", searching for specific info (authors, types of publications, specific journals) and refining your search. Depending on participant interests/needs and time, we may also cover setting up email alerts, transferring to bibliographic software like RefWorks or EndNote, filtering for evidence-based studies, building collections within PubMed or other functions within PubMed.

Web of Science

*Wednesday, September 28, 12pm-1pm, Communicore Building Room C2-3*

Compiling a bibliography? Trying to find interdisciplinary materials that fall between the sciences and the social sciences? Then search the Web of Science! Learn keyword and author searching while exploring this database's ability to move backward and forward through reference lists. Determine what sources were used in writing a given article and what subsequent publications cited that particular article. Find related articles that cite several of the same references in their bibliographies.
Next meeting, Tuesday, October 4, 2016 at 5:00 pm in M-112
